

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA10407SC

This Certificate issued to Texas Air Services, Inc.
4418 Illinois Avenue
Dickinson, TX 77539

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number: A9EA

Make: Bombardier Inc.

Model: DHC-6-1; DHC-6-100; DHC-6-200; DHC-6-300

Description of Type Design Change:

Installation of a replacement electrically driven hydraulic pump assembly in accordance with Advantage Aviation Technologies, Inc. Drawing List No. AAT-001, Revision C, Dated August 1, 2003 or later FAA approved revision. Maintained in accordance with Instructions for Continued Airworthiness, Report No. AAT-600-6, Revision IR dated November 20, 2004 or later FAA accepted revision is required.

Limitations and Conditions:

The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission. The Certification Basis for this installation is per Type Certificate Data Sheet (A9EA).

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 25, 2001

Date reissued: March 24, 2006

Date of issuance: May 09, 2005

Date amended:

By direction of the Administrator
